## Onondaga Valley – Webster Pond – Rand Tract

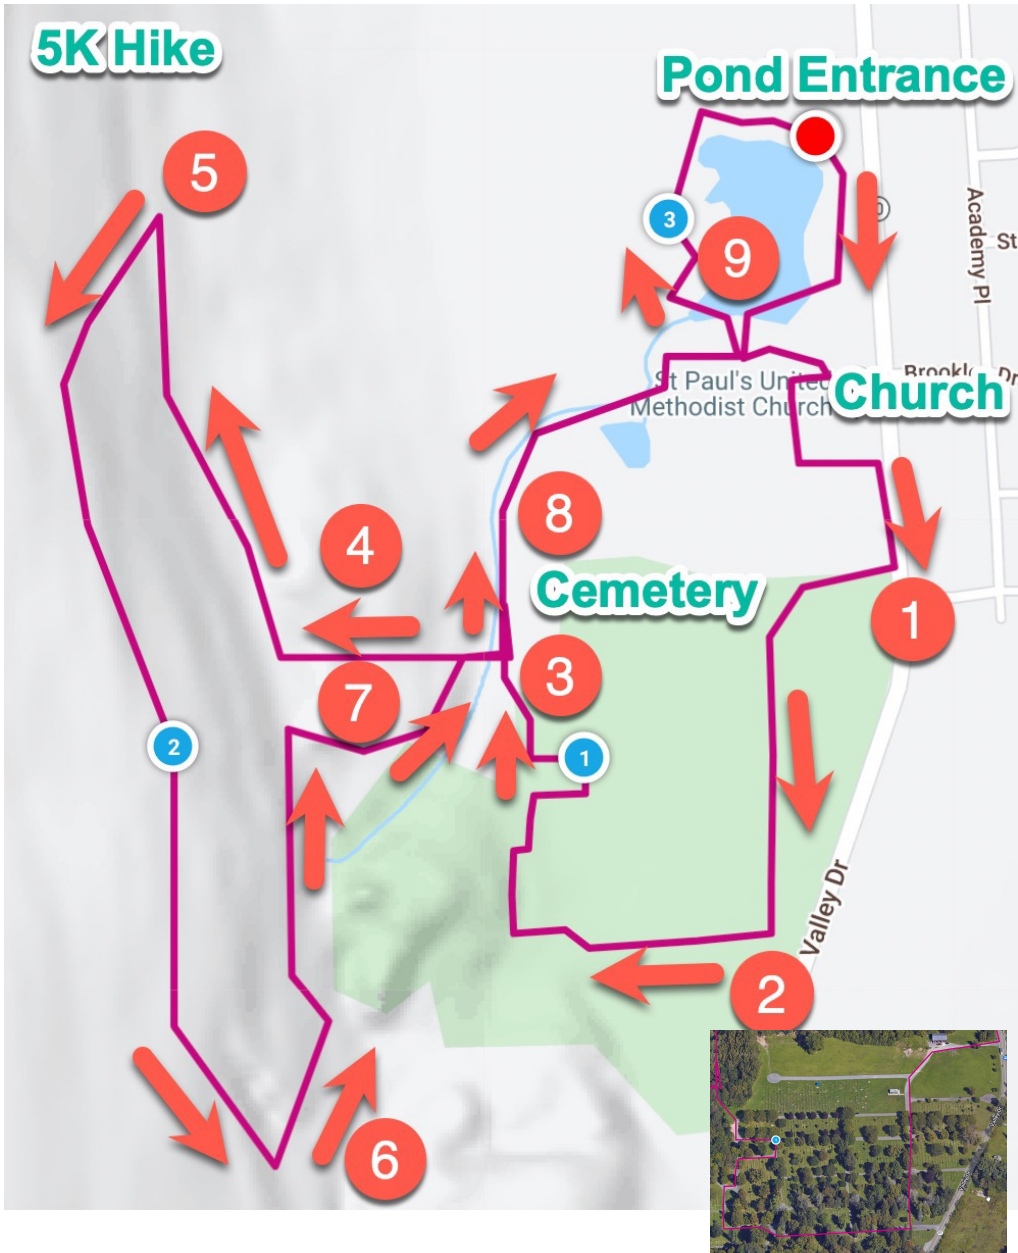

Start at either the Webster Pond entrance or the Church parking lot.

From the pond entrance, follow along to the left, clockwise to the Rand Tract entrance.

Shortly after you pass that fence, there is a trail to the left that goes towards the Church parking lot.

Follow along the Church parking lot up to the road (Valley Dr.) then take the first entrance to the Onondaga Valley Cemetery, turning right (1).

At the 5<sup>th</sup> right (grass divided road) head east towards the back of the cemetery (2). Make your way along the lanes to the Rand Tract entrance (3). At the fork, keep to the right path (4). At another fork, you will take a sharp left and head up the incline (5). At another fork, you will take another sharp left (6) and you will see the cemetery again to the right. Follow along the creek (7), heading to the left and north (8). At the fence gate to Webster Pond (9), turn left to go around the west side of the pond, making your way back to the pond entrance. If you started at the Church parking lot, you will continue around the pond to the fence gate. Shortly after you pass that fence, there is a trail to the left that goes towards the Church parking lot.

Note: Webster Pond alone is less than a ½ mi flat walk for anyone not up to the longer hike.
